

R307-121

2. Title: General Requirements: Clean Fuel Vehicle Tax Credits.

3. Type of notice: Amend

4. Purpose of the rule or reason for the change:

The purpose of the change is to add clarifying definitions and to modify the language throughout R307-121 so that it is consistent with a related new rule R307-123. (See separate filing on R307-123, in this issue.)

6. Summary of rules changes:

The Air Quality Board is proposing to add the definitions of clean fuel, clean fuel vehicle, and Manufacturer's Statement of Origin to R307-121: The Board is also proposing to make other changes to the language throughout R307-121 that will ensure that it is consistent with a related new rule R307-123 (see separate filing on R307-123 in this issue). This amendment also made some other technical changes.

7. Summary of costs

A. To State Budget

There is no change in costs for state government, because this revision does not create any new requirements.

B. To Local Government

Because the amendment does not create new requirements for sources owned or operated by local government, no change in costs is expected for other persons.

C. Small businesses (fewer than 50 employees) AND persons other than businesses:

Small Businesses: Because the amendment does not create new requirements for sources, no change in costs is expected for small business. Other Persons: Because the amendment does not create new requirements for sources, no change in costs is expected for other persons.

8. Compliance costs for affected persons:

Because the amendment does not create new requirements for sources, no change in costs is expected for affected persons.

9. Comments by the Dept head on the fiscal impact the rule may have on businesses:

No change in costs is expected for businesses, because the amendment does not create new requirements for sources (Richard W. Sprott, Executive Director, Department of Environmental Quality)

10. Authorizing statute: 19-2-104; 59-7-605; 59-10-1009
